

Bumboo

Bumboo was the most popular drink in the Caribbean during the time of piracy. Bumboo is a drink made from rum, water, sugar, and nutmeg. Sometimes cinnamon would be substituted.

We will not be having a beverage laced with rum but we will have a spiced juice drink which will add nicely to the meal.

- 1 6 ounce can of frozen lemonade concentrate, reconstituted
- 1 6 ounce can of frozen raspberry concentrate, reconstituted
- 4 cinnamon sticks
- 1/8 teaspoon cloves
- 4 cardamom pods
- 3 tablespoons of sugar

Place all of the above ingredients into a pot and simmer for awhile. Once all of the spices have simmered a bit serve it either hot or cold over ice.
